**Forza Operating, LLC Emergency Contact List** .................. Attachment D
INTRODUCTION

Forza Operating, LLC (Forza) is proposing to directionally drill the South Hammock Prospect, an oil and natural gas well, in League City, Texas. The proposed well location is located in the A-18 Langley Gas Unit and the approximate coordinates are 29° 30' 27.48" N and 95° 04' 17.36"W.

This document is a compilation of Emergency Response Plans that were prepared for the South Hammock Prospect on behalf of Forza Operation, LLC. Included is the Emergency Response Plan for the well site which was prepared by The Compliance Group, Inc. (Attachment B). Also enclosed is an Emergency Response Plan for the Drilling Rig that was prepared by Nabors Drilling USA, LP (Attachment C).Attachments D and E are the Emergency Contact Lists for League City and Forza Operating, LLC.

FORZA COMPLIANCE STATEMENT

PROJECT: South Hammock

Safety & Environmental Compliance and Procedures

Forza Operating, LLC has a legacy of placing high value on conducting its business with respect and care for people and the environment. Exemplary safety performance is an integral part of our business and contributes to our goal of promoting the health, safety, security and well being of our employees, our contractors and local communities while also maintaining the quality of the environment in which we perform our work.

Through management leadership and employee involvement Forza pledges to:

✓ Comply with all applicable safety, health, security and environmental laws, regulations and policies without regard to enforcement;

✓ Prevent pollution, reduce wastes and emissions, and conserve energy and other natural resources by minimizing the environmental risks associated with our operations;

✓ Prevent incidents and maintain effective emergency preparedness and response programs;

✓ Continually improve health, safety, security and environmental performance results with a management system designed to establish goals and assess performance;

✓ Ensure each employee understands and is responsible and accountable for health, safety, security and environmental performance while conducting their daily business activities;

✓ Work with our partners, contractors and suppliers to achieve HSE performance consistent with objectives and;

✓ Promote open communication throughout our organization. Nurture frequent dialog and communication forums with our employees, the community and with applicable regulatory agencies on HSE matters.

To accomplish these goals Forza employees must be constantly aware of conditions in all work areas that can produce unwanted incidents. No employee is required to work at a job that he/she knows is not safe or healthful. Forza employee cooperation in detecting hazards and, in turn, controlling them is a condition of employment. Inform your supervisor immediately of any situation beyond your ability or authority to correct.
PHYSICAL LOCATION

Location Name: South Hammock
Coordinates: Latitude: 29° 30' 27.48" N
               Longitude: 95° 04' 17.35" W
County / State: Galveston County, Texas
Nearest Town:
(direction & distance) Approximately 1.44 miles west from the intersection of Hwy 3 and FM 518 in League City, Texas.

Directions: From the intersection of Interstate 45 and FM 518, Turn east on FM 518 and go approximately 2.65 miles to FM 270. Turn south on FM 270 and go approximately 1 mile, location to the west.

The NRC is the *sole* federal point of contact for reporting oil and chemical spills which enter or threaten to enter the navigable waters of the United States. If you have a spill to report, contact the NRC via the toll-free number or visit the NRC Web Site ([http://www.nrc.uscg.mil](http://www.nrc.uscg.mil)) for additional information on reporting requirements and procedures. For those without 800 access, please contact the NRC at 202-267-2675.

<th>REGION 6 – DALLAS, TEXAS</th>
</tr>
</thead>
<tbody>
<tr>
<td>24 Hour Phone</td>
<td>(866) 372-7745</td>
</tr>
</tbody>
</table>

The Environmental Protection Agency must be notified of the following:

1. Any unanticipated bypass exceeding effluent limitation by permit.
2. Any upset condition, which exceeds any effluent limitation in permit.
3. Violation of maximum daily discharge limitation or daily minimum toxicity limitation.

Oral notification is required within 24 hours of the incident. No written report is required.
STATE NOTIFICATIONS

TEXAS ENVIRONMENTAL RELEASE HOTLINE  (800) 832-8224
The Texas General Land Office is the state's lead agency for response to actual or threatened
unauthorized discharges of oil and for cleanup of pollution from unauthorized discharges of oil.

"Discharge of oil" means an intentional or unintentional act or omission by which harmful quantities of
oil are spilled, leaked, pumped, poured, emitted, or dumped into or on coastal waters or at a place
adjacent to coastal waters where, unless controlled or removed, an imminent threat of pollution to
coastal waters exists.

Any person responsible for an unauthorized discharge of oil or the person in charge of any vessel or a
terminal facility from or at which an unauthorized discharge of oil has occurred, as soon as that person
has knowledge of the discharge, shall:
(1) Immediately notify the commissioner of the discharge; and
(2) Undertake all reasonable actions to abate, contain, and remove pollution from the discharge.

GLO REPORTING REQUIREMENTS

The Texas General Land Office must be notified of:

1. Any discharge with potential to impact state waters.
2. Any discharge originating in state waters.

RAILROAD COMMISSION OF TEXAS (RRC)
Main Office - Austin, TX (877) 228-5740

DISTRICT 3 (Houston)  (713) 869-5001
The Railroad Commission of Texas (Appropriate District Office) shall be notified immediately upon
notice of a fire, leak, spill or break from any oil wells, gas wells, geothermal wells, pipeline receiving
tanks, storage tanks, or receiving and storage receptacles into which crude oil, gas, or geothermal
resources are produced. Oil spills shall only be reported if spill exceeds 5 barrels (210 gallons).

Oral notifications (to the appropriate district office) should be followed by a letter giving the full
description of the event, volume of product lost and steps which have been taken (or are in progress) to
remedy the situation.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY (TCEQ)
Main Office - Austin, TX (512) 239-1000

DISTRICT 12 (Houston)  (713) 767-2000
The 1-800 number is a system established under the authority of the Oil Spill Prevention and Response
Act of 1991 with calls received at the Department of Public Safety, and then the telephone reports are
relayed to the TCEQ or another agency with jurisdiction, such as the Texas General Land Office or
Texas Railroad Commission.

Alternately, the TCEQ encourages calls directly to a regional office during regular business hours or to
the agency's 24-hour number listed below:
1. Assess the situation.

2. Safety of personnel if first priority, notify emergency services if needed.

3. Notify Forza chain of command.

4. Identify problem area(s) and source of problem.

5. Respond to problem if possible and safe to do so.

6. Notify contractors or response specialist(s).

7. Notify appropriate local and federal agencies.

8. Consult with Forza chain of command for further actions.
OIL/CHEMICAL SPILL

1. Attempt to stop leakage if possible and safe to do so.
2. Assess possible hazards including fire, explosion, inhalation and exposure.
3. Shut off all ignition sources and protect personnel as necessary.
4. Establish spill containment.
5. Notify Forza chain of command and contractors as needed.
7. Review the Notification List considering size of spill.
8. Review the Notification List if fluid contacted water source.
**BLOWOUT AT PRODUCING WELL**

1. Initiate well control procedures. Notify Forza Supervisor and Rig Tool Pusher.

2. Secure the area for safety and evacuate if necessary.

3. Activate well control personnel and Spill Management Team.

4. Verify that appropriate safety officials have been notified.

5. Wait for further orders from the Incident Commander.
FIRE RESPONSE ACTIONS

1. Initiate rig fire alarm and evacuate as necessary.

2. Call the fire department and attempt to extinguish fires in incipient stage if trained and safe to do so.

3. Notify Tool Pusher or Drilling Supervisor.

4. Engage the automatic shutdown system to shut in the rig, isolate the fuel source and shut down engines and heaters.

5. Discontinue all tasks in progress.

6. If possible, cool auxiliary equipment while extinguishing fire or let fire burn out.

7. Call the necessary public safety officials if fire threatens the public.
Person Discovering the Injury:

1. Call nearby personnel for assistance.
2. Administer first aid. Injured personnel should not be splinted or moved unless the situation is life threatening.
3. Activate the Emergency Medical Service. Be sure to give complete information on how to get to the location as well as the nature and number of injuries.

Lead Operator:

1. Dispatch a person to direct the emergency vehicle(s).
2. Advise the Supervisor of the injury.
3. Restrict access to the site of the injury and preserve the accident scene.

Forza Supervisor:

1. Advise the next level of supervision of the injury.
2. Confirm that all employees are accompanied to medical facilities.
3. Investigate the circumstances of the injury and compile necessary reports.
4. Request assistance from Forza to send representative for media inquiries.

Next Level of Supervision:

1. Do not move the victim.
2. Do not release the name.
3. Contact local law enforcement agencies.
4. Preserve the accident site.
5. Restrict all radio communications concerning the incident.

MEMORANDUM OF OIL AND GAS LEASE

STATE OF TEXAS

COUNTY OF GALVESTON

KNOW ALL MEN BY THESE PRESENTS, THAT:

THIS MEMORANDUM OF OIL AND GAS LEASE, made this 27th day of November, 2007, by and between Lorna Sherill Langley, whose address is 1928 Austin St, League City, Texas 77573, as Lessor (whether one or more), and Griffith Land Services, Inc., as Lessee, whose address is 11060 Timberline Road, Houston, Texas 77043.

WITNESSETH:

Lessor has leased and let unto Lessee for oil and gas purposes, by an Oil, Gas and Mineral Lease dated November 21, 2007:

Tract 1: 10 acres of land, more or less, out of the M. Muldon Survey, Abstract 18, Galveston County, Texas, described as Lot 20, Division B of League City Texas, more particularly described in that certain Deed from J. C. League to John Vaglienti, et al, and recorded in Volume 190, Page 247 of the Deed Records of Galveston County, Texas.

Tract 2: 5 acres of land, more or less, out of the M. Muldon Survey, Abstract 18, Galveston County, Texas, described as the West half of the North half of Lot 27, Division C, League City Texas, more particularly described as the tract set aside to Barney Vaglienti in that certain Deed dated July 11, 1970, from John F. Vaglienti, et al, to Barney Vaglienti, et al, and recorded in Volume 2127, Page 280 of the Deed Records of Galveston County, Texas.

Tract 3: 5 acres of land, more or less, out of the M. Muldon Survey, Abstract 18, Galveston County, Texas, described as the East half of the North half of Lot 27, Division C, League City, Texas, more particularly described as the tract set aside to Jennie Vaglienti Langley in that certain Deed dated July 11, 1970, from John F. Vaglienti, et al, to Jennie Vaglienti Langley, et al, and recorded in Volume 2127, Page 290 of the Deed Records of Galveston County, Texas.

II.

Said Lease from Lessor to Lessee is for a primary term of three (3) years from November 21, 2007, and as long thereafter as oil or gas is produced from said land held thereunder in paying quantities, or drilling or reworking operations are conducted thereon, all as is more particularly set out in said Lease, to which reference is here made for further description of the terms and provisions of said Lease. This instrument is executed for the purpose of offering notice of the existence of said Lease.

Lessee's agreement and joinder in and to said Lease shall be evidenced by the filing of this Memorandum of Oil and Gas Lease of record with the County Clerk of Galveston County, Texas.

Executed copies of said Oil and Gas Lease are in the possession of Lessor and Lessee at their respective addresses.

IN WITNESS WHEREOF, this instrument is executed on the date first written above.

EXTENSION OF OIL, GAS & MINERAL LEASE

KNOW ALL MEN BY THESE PRESENTS:

WHEREAS: on the 16th day of April, 2008, Robert S. Ainsworth & wife Janet Denise Ainsworth, whose address is 16419 Calvert Rd., Forney, TX 75126, did execute to Griffith Land Services, Inc., as lessor, an Oil Gas and Mineral lease covering the following described tract:

1.624 acres of land, more or less, out of the M. Muldoon Survey, Abstract 18, Galveston County, Texas, more particularly described in that certain Deed dated June 3, 1977, from Jesse W. Jones to Robert S. Ainsworth, et al, and recorded in Volume 2843, Page 317, of the Deed Records of Galveston County, Texas;

WHEREAS said lease is now owned by W. R. Production, LLC, whose address is 7500 San Felipe, Suite 475, Houston, TX 77063;

And WHEREAS it is now the desire of Lessor and Lessee to extend the term of said lease;

THEREFORE, in consideration of Ten Dollars ($10.00) and other good and valuable consideration, in hand paid to Lessor, the receipt and sufficiency of which are hereby acknowledged, Lessor and Lessee do hereby agree that said lease shall be, and same is hereby, extended for an addition period of two (2) years from the former expiration date of said lease, and so long thereafter as oil, gas or other minerals are produced from said land, or land pooled therewith, such that said lease will continue in effect as if the original primary term was five (5) years.

Lessor and Lessee agree that said lease and any amendments thereto shall remain in full force and effect, and the undersigned does hereby adopt, ratify, and confirm said lease as to all terms and provisions contained therein, including the primary term as hereby extended.

TO HAVE AND TO HOLD the above described tracts of land, together with all and singular the rights and appurtenances thereto in any way belonging unto Grantees, their heirs and assigns, forever.

Lessor hereby warrants that their title to the land described above is unencumbered by action or inaction by Lessor between the date of the original lease and the date this extension is executed.

Further, the provisions hereof shall extend to and be binding upon the parties hereto, their heirs and assigns.

In witness whereof, this Extension of Oil Gas & Mineral Lease is executed on the 14th day of February, 2011.

MEMORANDUM OF OIL AND GAS LEASE

STATE OF TEXAS

COUNTY OF GALVESTON

KNOW ALL MEN BY THESE PRESENTS, THAT:

THIS MEMORANDUM OF OIL AND GAS LEASE, made this 3rd day of APRIL, 2006, by and between Lillian Townsen-Rembert, and Dr. Frank Rembert, pro forma, whose address is 1251 Turnberry Oak, Houston, TX 77055, as Lessor (whether one or more), and Griffith Land Services, Inc., as Lessee, whose address is 11050 Timberline Road, Houston, Texas 77043.

WITNESSETH:

I.

Lessor has leased and let unto Lessee for oil and gas purposes, by an Oil, Gas and Mineral Lease dated 3rd April 2007:

10 acres of land, more or less, out of the M. Muldoon Survey, Abstract 18, Galveston County, Texas, more particularly described in that certain Deed dated May 5, 1949, from Elamson E. Walker, et al to J. L. Bamhill, et al, and recorded in Volume 811, at Page 841, of the Deed Records of Galveston County, Texas.

II.

Said Lease from Lessor to Lessee is for a primary term of five (5) years from 2008, and as long thereafter as oil or gas is produced from said land held thereunder in paying quantities, or drilling or reworking operations are conducted thereon, all as is more particularly set out in said Lease, to which reference is here made for further description of the terms and provisions of said Lease. MEMORANDUM OF OIL AND GAS LEASE

THIS MEMORANDUM OF OIL AND GAS LEASE is made and entered into this 17th day of September, 2008, by and between LOCHBUIE LIMITED PARTNERSHIP, 6801 N. Broadway, Suite 300, Oklahoma City, Oklahoma 73116-9092 (hereinafter referred to as “Lessor”), and GRIFFITH LAND SERVICES, INC., 11060 Timberline Road, Houston TX 77043-3804 (hereinafter referred to as “Lessee”).

The purpose of this memorandum is to evidence that Lessor and Lessee have this day entered into an Oil and Gas Lease covering the following 16.083 acres of land, more or less, being more particularly described as the following, to wit:

Tract 1: 6.083 acres of land, more or less, out of the Michael Muldoon Survey, Abstract 18, Galveston County, Texas, more particularly described in that certain Deed dated June 1, 1950, from M.L. McLain, et al to Joe Whitten, et al and recorded in Volume 881, Page 26 of the Deed Records of Galveston County, Texas.

Tract 2: 10 acres of land, more or less out of the Michael Muldoon Survey, Abstract 18, Galveston County, Texas, more particularly described in that certain Deed dated June 1, 1950, from M.L. McLain et al to Joe Whitten et al, and recorded in Volume 881, Page 26 of the Deed Records of Galveston County, Texas.

The primary term of the Lease will expire on September 17, 2011. In the event production is established, then upon the cessation of continuous drilling operations as set forth in said Lease, Lessee may be required to execute and place of record a partial release of the leased premises.

Lessor and Lessee are executing this Memorandum of Oil and Gas Lease for the purpose of placing the same of record in Galveston County, Texas to give constructive notice of the Lease in lieu of recording the Lease in its entirety.

IN WITNESS WHEREOF this Memorandum of Oil and Gas Lease is executed to be effective as of the date first above written.

IN WITNESS WHEREOF, this instrument is executed this 17th day of September, 2008.

THIS MEMORANDUM OF OIL AND GAS LEASE, made this ___ day of January 2008, by and between Jack E. Capps and Carmen Y. Capps, whose address is 1633 Webster St. #131, League City, Texas 77573, as Lessor (whether one or more), and Griffith Land Services, Inc., as Lessee, whose address is 11080 Timberlina Road, Houston, Texas 77043.

WITNESSETH:

I.

Lessor has leased and let unto Lessee for oil and gas purposes, by an Oil, Gas and Mineral Lease dated January ______, 2008:

2.08 acres of land, more or less, out of the M. Muldoon Survey, Abstract 16, Galveston County, Texas, more particularly described in that certain Deed dated July 1, 1996, from Otis Williams, et al to Jack E. Capps, et al, and recorded under Microfilm Code 011-21-1690, of the Official Public Records of Galveston County, Texas.

II.

Said Lease from Lessor to Lessee is for a primary term of five (5) years from January _____, 2008, and as long thereafter as oil or gas is produced from said land held thereunder in paying quantities, or drilling or reworking operations are conducted thereon, all as is more particularly set out in said Lease, to which reference is here made for further description of the terms and provisions of said Lease. This instrument is executed for the purpose of offering notice of the existence of said Lease.

Lessees’ agreement and joinder in and to said Lease shall be evidenced by the filing of this Memorandum of Oil and Gas Lease of record with the County Clerk of Galveston County, Texas.

Executed copies of said Oil and Gas Lease are in the possession of Lessor and Lessee at their respective addresses.

IN WITNESS WHEREOF, this instrument is executed on the date first written above.

KNOW ALL MEN BY THESE PRESENTS, THAT:

THIS MEMORANDUM OF OIL AND GAS LEASE, made this 18th day of February 2008, by and between Ronald M. Richards whose address is 638 W. Shore Dr., Clear Lake Shores, Texas 77565, as Lessor (whether one or more), and Griffith Land Services, Inc., as Lessee, whose address is 11060 Timberline Road, Houston, Texas 77043.

WITNESSETH:

I. Lessor has leased and let unto Lessee for oil and gas purposes, by an Oil, Gas and Mineral Lease dated February 18, 2008:

5 acres of land, more or less, out of the Michael Muldoon Survey, Abstract 18, Galveston County, Texas, more particularly described in that certain Deed dated October 29, 1980, from Eva Mae Richards to Jack E. Capps, et al., and recorded in Volume 3301, Page 991 in the Deed Records of Galveston County, Texas.

II. Said Lease from Lessor to Lessee is for a primary term of five (5) years from February 18, 2008, and as long thereafter as oil or gas is produced from said land held thereunder in paying quantities, or drilling or reworking operations are conducted thereon, all as is more particularly set out in said Lease, to which reference is here made for further description of the terms and provisions of said Lease. This instrument is executed for the purpose of offering notice of the existence of said Lease.

Lessee's agreement and joinor in and to said Lease shall be evidenced by the filing of this Memorandum of Oil and Gas Lease of record with the County Clerk of Galveston County, Texas.

Executed copies of said Oil and Gas Lease are in the possession of Lessor and Lessee at their respective addresses.

IN WITNESS WHEREOF, this instrument is executed on the date first written above.

SECTION 9

TRAFFIC ROUTING AND MANAGEMENT PLAN
Traffic Routing And Management Plan

To minimize the impact of the project on League City residents, the follow route will be utilized to provide access to the site. The route will exit Interstate 45 at Highway 96. Upon exiting Interstate 45, trucks would travel east on Highway 96 for approximately 2.61 miles to the intersection of Highway 96 and FM 270. From this intersection, the route proceeds north on FM 270 for 0.9 mile, before heading west on a private board road and bridge to the site entrance.

No heavy vehicle (larger than four wheels) traffic will be permitted to access the site from FM 518 regardless of the time of day. Truck traffic associated with moving equipment onto the site at the beginning of operations and off of the site at the completion of operations will occur over three days and will be staggered to prevent traffic backups associated with activities related to this site and be further restricted during the hours of 7 A.M. to 9:30 A.M. and from 3:30 P.M. to 6:30 P.M. to prevent additional vehicles on the roads around League City during high traffic periods of the day. Once in production, deliveries and/or pickups shall occur between 6:00 am and 10:00 pm.

By utilizing this route, restricting travel times during high traffic periods, and staggering traffic during setup and removal of equipment the traffic impacts associated with this project will be minimized.

IV. DOCUMENTATION
I. INTRODUCTION

The management of Nabors Drilling USA, Inc. is concerned for the well being of their employees. Accident prevention, employee health, and the protection of the environment are a vital part of all activities of the Company and shall be one of the primary goals of all personnel.

II. EMERGENCY RESPONSE PLAN

This Emergency Response Plan for Incidental Releases of Hazardous Substances has been prepared and is available at the work site for Nabors Drilling USA, Inc. employees to read, understand, and follow. The Plan contains appropriate training given to employees for various types of emergency responses. Typical emergencies that may be covered by the Plan include blowouts, fires, spills, and/or accidental releases of gases.

III. ELEMENTS OF THE PLAN

A. Personal Roles and Lines of Authority
   Nabors Drilling USA, Inc. employees are designated as first responders. These are personnel who are likely to discover an emergency and who are included among the first personnel on the scene to respond to it. First responders are directed by the toolpusher who has the responsibility for controlling the operations at the site in an emergency.

B. Pre-Emergency Planning and Training
   Each rig has a Spill Prevention Control and Countermeasure (SPCC) Plan to follow in the event of a spill. The Plan is located in the toolpusher's trailer. Rig personnel receive training in the Plan's elements.

   Toolpushers and drillers are trained in B.O.P. control methods in classroom instruction. Supervisors document and hold weekly B.O.P. drills with each crew tour.

   All employees are trained in the Hazard Communication Standard Guidelines. The Guidelines and MSDS book are located in the toolpusher's trailer.

   All employees attend, hold, and report a minimum of one safety meeting during each work week. Safety meeting topics include, but are not limited to, hazardous waste guidelines, personal protective equipment, incident reporting procedures, job duties, etc..

   Toolpushers and drillers are trained in Du Pont's Safety Training Observation Program (S.T.O.P.) techniques. The training is extended down through the employee level. The training includes observation techniques that are essential to recognize unsafe conditions and acts.
As a minimum, one supervisor is trained in American Red Cross Multi-media first aid techniques.

All employees are given classroom training whenever there is the possibility that H₂S may be present in a formation that may be encountered in the drilling of the well. Training includes the hazards of H₂S, its characteristics, personal protective equipment, and contingency planning.

C. Additional Contingency Planning

The toolpusher will designate a safe area for personnel to muster. An alarm indicator will sound the signal for the muster. All employees will be accounted for. The supervisor will assess the situation and determine further actions. Drills are conducted to familiarize personnel with the safe area and evacuation routes.

Personal protective equipment will be worn where applicable. Personal protective equipment includes, but is not limited to, hard hat, eye protection, skin protection, and respiratory protection.

Site security is essential in the event of an emergency. The toolpusher will determine if site security is needed. Personnel not immediately part of the emergency response team will be put at the entrance to the work site to prevent the general public from entering the work site. Emergency phone numbers are posted in the toolpusher's trailer. Other contingency plans, such as an H₂S plan, will be put in effect and coordinated with existing plans.

Site cleanup will be conducted according to applicable state, federal, or local laws and regulations. Outside specialists, who are trained in emergency responses, will be called upon to assist, if applicable. These personnel have more specific knowledge of the substance involved in the emergency release and assume a more aggressive role than the first responder level.

IV. DOCUMENTATION

Documentation of Emergency Response Plan for Incidental Releases of Hazardous Substances training is documented on various safety/training forms, daily drilling reports, certifications of completion, and other forms. A copy of these forms are kept by the toolpusher and/or the division office.

Shut-In While Drilling  
Rig 409

| Driller: | • Sound the alarm. One long blast.  
• Do not hesitate to shut-in the well on any kick indication.  
• Check for flow.  
• Shut-in the well  
• Record drill pipe pressure and casing pressure.  
• Record Time.  
• Measure pit gain.  
• Confirm choke manifold valve positioning. |
|----------|----------------------------------------------------------|
| Derrichand: | • Check for flow at shakers.  
• Weigh sample of mud from suction pit.  
• Report to Driller. |
| Motorhand: | • Check accumulator pressure and pumps.  
• Check for any Bypass with a flashlight.  
• Check for leaks in BOP stack and lines.  
• Report to Driller. |
| Make-up Floorhand: | • Proceed to choke manifold and check valve positioning.  
• Report to Driller. |
| Lead Tong Floorhand: | • Make sure choke is closed.  
• Check on Derrickhand and Make-up Floorhand to ensure operations.  
• Report to Driller status. |
| Additional Hands: | • Report to Driller. |
| Rig Manager: | • Proceed to rig floor. |
| Operator Representative: | • Proceed to rig floor.  
• Make sure well is secure. |

**Note:** Nabors personnel are responsible for operating Nabors equipment. Therefore, only Nabors personnel can open the well once it has been shut-in.
